What Can You Do to Prepare?

3 SIMPLE STEPS FOR FLASH FLOOD SAFETY

During a flood, water levels and the rate the water is flowing can quickly change. Remain aware and monitor local radio and television.

[weather.gov/flood](https://www.weather.gov/flood)

- 1 GET TO HIGHER GROUND**
Get out of the areas subject to Flooding
- 2 DO NOT DRIVE INTO WATER**
Do NOT drive or walk into flooded areas. It only takes 6" of water to knock you off your feet.
- 3 STAY INFORMED**
Monitor local radar, television, weather radio, internet or social media for updates.
